Dear Valued Customers and Suppliers,

It is our distinct honor to announce the merging of two proud, Pennsylvania manufacturing companies: International Chemical Company (ICC) and Clarkson & Ford.

ICC, a family-owned, fourth-generation chemical company founded in 1906, recently purchased the assets of Clarkson & Ford, a manufacturer and packager of metalworking fluids and lubricants since 1883. We couldn't be more proud at the prospect of endeavoring to strengthen the legacy which Clarkson & Ford has strived for so long to cultivate; one of high quality manufacturing and outstanding customer service.

ICC has retained all current Clarkson & Ford employees, and we very much look forward to working closely with every single individual as we integrate our two companies into a growing force in the industry.

Customers will be invoiced and payments remitted to:

International Chemical Company
2628 N. Mascher Street
Philadelphia, PA 19133

Contact information for International Chemical Company:

Phone: (215) 739-2313
Sales: sales@e-icc.com
Info: info@e-icc.com

Sincere thanks are due to the cherished customers, suppliers, and partners of Clarkson & Ford for the many successes over the past 139 years of valued support. We are all very excited about what the future holds for this new partnership, and look forward to enhancing these relationships for many years to come.

Regards,

Michael P. Pelham
